GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, billiousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificates:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia
T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.
L. B. WYMAN,
N. York, Sept. 3, 1849. 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.
M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

LITTELL'S LIVING AGE,
E. Littell & Co., cor. of Tremont and Bromfield streets, Boston.

This is work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but whilethus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the Edinburgh, Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenaeum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, (which is extending over the whole world,) and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. Littell & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col octavo. Price, 12 1-2 cts.,—or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams:—

"Washington, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.
J. Q. ADAMS."

From the Boston Chronotype,

Consumption is the great curse of our northern atitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Threshold!" He merits the applause and gratitude of ages—he shall have ours, at least.

Wright's Indian Vegetable Pills Sugar Frosted!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, of pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine.—The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian vegetable Pills is well understood, Innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

General Direction.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or, oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

CAUTION TO THE PUBLIC.

IT is now some eight years since the Tea Business, as an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Establishment has flourished beyond expectation. They have furnished their customers with both Teas and Coffees at prices less than other dealers could buy,—which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering on, using our name, and by this means imposing upon the public; and it is to prevent this

NEWPORT,

BY CRANSTON & NORMAN,

127 Thames Street.

FRIDAY MORNING, DEC. 13, 1850.

☞Persons who vote by the payment of a Registry Tax are reminded that if they wish the privilege of voting during the coming year, 1851, they must pay their Tax by the last day of this month. The Collector of Taxes, Oliver Read, Esq., has received the Tax Book, and will be at his house, No., 230 Thames Street, corner of Fair, from the 24th to the 31st, inclusive, of this month, from 12 M. until 6, P. M., for the purpose of receiving said Tax. All persons whose names have been registered, should be sure to call and pay their Tax before the time expires; if they neglect doing this, they will be deprived of voting next year, no matter what important elections may take place. We hope our Whig friends will attend to this matter, without delay.

☞The Rev. Mr. Adlam's pamphlet, showing that the First Baptist Church in this town is the oldest of the order in America, and that consequently the First Baptist Church in Providence is not entitled to this honorable distinction, is published, and may be had at the Bookstores. The historical facts adduced are clear and beyond dispute, and the pamphlet is written in a logical and unanswerable manner. We advise all to read it.

☞The fifth lecture before the Mechanic's Association will be delivered at Bellevue Hall, this evening, by Rev. John Lord. Subject, "Luther Reformer—or the struggle between Reason and Authority."

☞We are glad to learn, from Mobile that C. C. Langdon, Esq., the able and public-spirited editor of the Mobile *Advertiser*, was elected Mayor of that city last week in the face of very strong efforts made to defeat him. This is a Union triumph, as well as a whig victory

Funny Exodus.—A woman was arrested at Boston on Friday, upon suspicion that she was a man in disguise. Some merchants testified that she was a worthy woman and shopkeeper, who had come to Boston to buy goods, though her strange gait, coarse voice, heavy beard, wearing the petticoat.

☞Two hundred yankee girls arrived at Cincinnati last week on their way to Carrollton, Ky., to work in a factory.

Hon. Daniel Webster has been elected a member of the Statistical Society in Mexico.

☞In the trial of a case in Philadelphia, on Friday last, a witness was called to the stand, who could speak no other language than the Celtic. She was an Irish woman, apparently about 30 years of age. G C Collins, Esq. who happened to be present, acted as interpreter.

Morris and Willis's Home Journal. The prospectus of the new volume of this beautiful and altogether unique family newspaper has been published for some days past, and we now take the pleasure of editorially calling the attention of the public to it, far and near. In everything that can distinguish fancy from flummery, genius from mediocrity, and sparkling originality from inane twaddle, the Home Journal is as far superior to the great body of the American weekly press as the stars are above the city lamps. The exquisite, versatile and inexhaustible genius of N. P. Willis, and the perfect taste, sound experience, and admirable judgment of George P. Morris, are exclusively devoted to enriching the pages of the Home Journal, while they have naturally drawn around them a brilliant group of contributors, both men and women, to whom it is an honor to go forth in such distinguished and widely trusted companionship. A minor but particular excellence of the Home Journal is the freshness and rareness of its selections. In this labor the editors are continually opening unworked literary *placers*, bringing up only the richest and purest *nuggets*, and then passing on to others—leaving the scrapping, gleaning, digging and washing for crumbs, to those who come after.

We need not refer especially to the different attractive features of the new volume, as they are very perspicuously set forth in the prospectus, which, we trust, everybody will read. After that, send your name to Messrs. Morris and Willis, and secure the most elegant, attractive, and valuable family weekly journal ever established in America.—*Dry Dock.*

ARRIVAL OF THE AMERICA.

Halifax Telegraph Office,
Wednesday morning, Dec 11.

The steamship America, Capt. Shannon, with 46 passengers for Boston and 6 for Halifax, arrived at this port this morning.

Prof. Risley and his ballet troupe from Paris are among the America's passengers.

The Baltic arrived at Liverpool 1-2 past 10 Tuesday morning. She encountered unusually heavy weather throughout her passage from New York. The Canada preceded the Baltic and arrived at 1-2 past 11 Sunday forenoon.

There is greatly increased agitation in England and Scotland at the anti-Popery movement, and the Daily News asserts that the Attorney General is preparing a bill to make penal the holding of English titles by the Catholic clergy, and the Times significantly remarks that Dect. Ullathoon is the first as he will assuredly be the last Bishop of Birmingham. Lord Beaumont, a Catholic nobleman, has taken the field against the measures of the Pope and maintains that his appointments to English Bishoprie are derogatory to the Crown and at variance with the constitution.

Immense meetings have been held to denounce the aggressive policy of the country, and in some cases have led to serious riots, especially at Birkerhead, where the meeting advertised for Wednesday was attended with one of the wildest riots since the days of the Reform Bill. Magistrates and Police were compelled to flee before the mob. The Cross finally restored quiet.

The latest news from Germany is in no respect more pacific nor affairs less critical and complicated than for two weeks previous to the sailing of the America.

The Prussian Chamber was opened on the 21st by a speech from the King, which has caused intense excitement and looked upon as favorable to the war party. He says, in the shortest possible time we shall be more strongly armed than ever before either in ancient or modern time.

The disturbance between the Prussian and Bavarian troops at Frankfort were renewed on the 25th, and in several of the streets the soldiers of the two countries had very sanguinary conflicts. The intervention of strong Patriots could alone preserve peace in the city.

The Austrian or Federal army in Hesse is suffering for want of provisions, and their commander has informed the Prussian General that he shall be compelled [illegible] that the Prussian troops under his command would not fall back under any circumstances.

The Cabinet of Pressburg is reported to have formally made known that a war of Prussia against Austria, would at the same time be at war against Russia after Berlin. The War party find the most support in the Rhenan Provinces. At Frankfort, Berlin, Vienna, Amsterdam and other central points confidence in the maintenance of peace is daily becoming more weak.

The French ambassador in London had arrived at Paris to explain Lord Palmerston's views on the German question. It is reported that England wishes to act in concert with France, and that she desires to prevent Russia interference. In the Assembly on Tuesday, an exciting debate arose on the question of raising an additional army of 40,000 men. M. Theirs reporter of the Committee to whom the subject has been referred, will, it is said, lay down such principles of peace and neutrality as will completely bind the hands of Louis Napoleon, whilst the Assembly are opposed to war upon all hands.—The debate plainly shows that France is strongly opposed to any combination which shall render Germany united.

A proposition to remove the seat of Government out of Paris, has been rejected by a very decided majority.

The latest advices from Rome state that the propogaganda affect to treat lightly the commotion in England upon the late Papal aggression, and profess to regard it as a mere question of etiquette.

An alarming conspiracy of the old retrogade party in Constantinople has given rise to a rumor that the Sultan had been assassinated. Happily the report proved false.

Kossuth is still held in durance, and is reported to be suffering with typhoid fever.

The King of Sardinia opened his parliament on the 23d ult, and was enthusiastically received. His speech, which gave great satisfaction, announced his intention to maintain the laws necessary for the new political organization of the country in spite of Hause.

Halifax, 5, P M.

This despatch has been delayed owing to the destruction of the telegraph wires through a portion of the city by one of the most destructive conflagration ever experienced by Halifax. The fire commenced at 2 o'clock in the North Barracks, which were speedily in ruins. Opposite the barracks one entire square bounded by Jacob, Duke and Albermarle streets, was also destroyed, including about one hundred houses.—The further spread of the fire was arrested by pulling down several buildings. The section of the city burnt was mostly occupied by poor families; and though the loss of property is less than it otherwise would have been, yet the disaster will cause much suffering, especially so as extreme cold weather has fairly set in after a season of unusual mildness.

CONGRESS

Washington, Dec. 11th—1 P. M.

House.—The House met at the usual hour.

Mr. Potter, of Ohio, announced the death of his colleague, Mr. Amos E. Wood, formerly of New York.

Mr. P. passed a brief eulogy, and offered the customary resolutions of condolence and mourning, which were unanimously adopted, and the House adjourned.

The deceased has been a resident of Ohio for 25 years.

The Senate in Executive session yesterday confirmed the nomination of Mr. Bayard, of Delaware, as charge to Brussels, and Professor Haddock, of Dartmouth College, as charge to Lisbon.

Albany, Dec. 11th.

At the opening of the Court this morning the district attorney moved judgment of the law on Dunbar.

Mr. Wheaton said that he had done everything he could for the prisoner; that he had exhausted all means within his power, and he thought it useless to make farther efforts.

Dunbar said he was innocent of the crime charged against him, and he hoped that the witnesses on their arrival home would seriously reflect on what they testified against him.

He said they had perverted his language, and he hoped God would forgive them.

Judge Wright then pronounced the sentence of the law upon him: that he be executed on the 31st of January, 1851.

St. Louis, Dec. 11th.

The late destrecrive tornado at Cape Girardeau, was severely felt both in Indiana and Illinois.

A disastrous fire has occurred in this city, consuming a large number of buildings, stored with dry goods, &c. The loss is estimated at $63,000, on which there was an insurance for $53,000.

Louisville, Ky., Dec. 11.

The steamer Amazonia, from New Orleans, had forty deaths by cholera on board during her passage to Cape Girardeau.

She also reports that on the day she left New Orleans, there arrived in that place eleven hundred Californians, who, having exhausted all their provisions at sea, were in a starving condition.

Baltimore, Dec. 11th.

The tickets for Jenny Lind's second concert have all been bought out by speculators, who have re-sold them at from $10 to $20.

There is considerable ill-feeling against Mr. Barnum, arising from an impression, probably unjust, that he is in league with the speculators.

Baltimore, Dec. 9.

The Front street Theatre to-night is crowded from pit to dome, to greet the debut in this city of the Swedish Nightingale. The utmost enthusiasm prevails among the audience, which is larger than any ever before assembled within the walls of a theatre in this city, since the palmy days of Mr. and Miss Kemble. Jenny Lind appears in remarkably good spirits, and her power and sweetness have filled the Baltimoreans with wonder. Twenty-five dollar premiums were freely offered for tickets to-day. Her next concert on Wednesday night will bring out another brilliant array.

The Westerloo Murder Case.—The trial of Reuben Dunbar indicted for the murder of Stephen and David Lester at Westerloo, on the 25th of September last, which has been going on for two weeks past at Albany, was concluded yesterday by the jury rendering a verdict of guilty. The evidence, which was altogether circumstantial so far as the guilt of the prisoner was concerned, differed but slightly from that taken at the coroner's inquest, which has been published in this paper. The circumstance of the case were briefly as follows: The children murdered were two brothers, aged 8 and 10 years respectively, residing with their uncle, David Lester, the step-father of the accused. On the day above specified, when there was no one on the farm but the two boys, the prisoner and his mother, the boys were both missing.

This was on Saturday. Search was made for them on Sunday and the days following until Wednesday, when the body of Stephen was found under a ledge of rocks, with a heavy stone lying crosswise on his breast. The skull was fractured, the breast was crushed, the legs were bent and six of the ribs broken. On the succeeding day the body of David was found hanging on a tree in the vicinity of the ledge. Stephen's wounds had evidently been inflicted with a swingle belonging to Mr. Lester, which was found secreted near the child, and David was suspended from the tree by a rope which was also identified by Mr. Lester as his property.

The prisoner was the last seen with these boys, and while the search was going on for their bodies, he endeavored to divert the attention of those engaged in it from the precise spot of concealment at by the most contradictory stories His versions as to where he had parted from the deceased also varied materially both as to circumstances and time.—There were many incidental points established by the evidence, none singly of sufficient strength to convict, but together forming a combination of facts sufficient to convince the jury of the guilt of the prisoner.

The idea of self-aggrandisement appears to have been the impelling motive to the crime, yet the interest of the prisoner, if we understand it, was indeed remote in the removal of the poor children. They were entitled to some property, but it could only revert to him through its being so willed by his step-father, or by inheriting it from his mother, in case that it was bequeathed to her.

Among the painful attendants of the case were the facts that the prisoner had only been married two weeks, and that the most important witness against him was his own mother.

The Picayune says that Hon. Reverdy Johnson and other counsel of the heirs at law of the late John McDonogh, have held a meeting and feel very confident of being able to break the will.

A Female Gambler, a certain Miss Harnel, of Philadelpeia, is said to have been a prominent person in a nest of gamblers captured lately by the police of Paris, in the rue St. Pierre Montmartrel.

THE FIRST CHURCH IN PROVIDENCE. NOT THE OLDEST OF THE BAPTISTS IN AMERICA.

ATTEMPTED to be shown by the Rev. B. Adlam, Pastor of the first Baptist Church in Newport, R. I. Such is the title of a pamphlet which is now in press and will be published in a few days; this most conclusively proves that the Church in Providence is not the oldest Baptist Church, but in this work the serious errors inscribed on the bell of the First Church, and on its tablet in the Meeting House, are pointed out; and it is shown, that instead of being the First Baptist Church established in this country, two others were constituted before it; but one of these being extinct, it is now the second as an age of the Baptist denominations in America.

BENJ. MUMFORD, Adm'r
oct15. d t s.

TO the Hon. Court of Probate of the Town of Newport, to be holden on the 25th day of November, A D, 1850. The undersigned, Guardian of MARY ELIZABETH WARD, daughter of the late Silas Ward, a Minor, over fourteen years of age, would respectfully represent, That all her property consists of one thirtieth undivided part of the Real estate in Newport, of the late James Boone, Senior dec., valued by the appraisers at fifty dollars, as appears by the Records of this Hon. Court, and one fifth part of such property as shall be left to the heirs of the said Silas Ward, dec., after the payment of the debts. Your petitioner would further represent, that after managing the personal property of the said deceased and applying the proceeds of the real estate already made under the direction of this Hon. Court, the balance required to make the deficiency due the creditors of said Silas, will be so small that the selling their undivided sixth part of the "Boone Estate" and applying the proceeds to the payment of the creditors of the said Silas Ward, they may prevent the sale of their homestead. Wherefore your petitioner, considering as he believes the best interest of the said Mary E. Ward, prays this Honorable Court to grant him the privilege of joining the other children of the said Silas Ward in a public or private sale, as guardian aforesaid, in the sale of her interest in the said "Boone Estate," and of applying the proceeds of such sale, as aforesaid; and as in duty bound will ever pray. BENJ. MUMFORD, Guardian.
Dec. 2.

At a Court of Probate of the Town of Newport, holden Nov. 25, 1850. Upon the above petition of BENJAMIN MUMFORD, guardian of the estate of Mary Elizabeth Ward, a minor over the age of fourteen years, daughter of Silas Ward, late of Newport, dec., praying this Court for authority and license to sell at public or private sale her undivided one-thirtieth part of the Real estate in Newport, late of James Boone, Senior, dec., and investing the proceeds thereof, as in said petition mentioned, for the purpose of saving her interest in the homestead estate of her late father from being sold,—the same is received and referred for consideration to a Court of Probate to be holden at the Town Clerk's office, in Newport, on Monday, the 23d day of December next, at 10 o'clock, A. M.; and that notice be given of the pendency and prayer thereof, by advertisement 3 successive weeks, once a week, in the Newport Daily News. B. B. HOWLAND, Prob. Clk.

BOOK OF FRENCH VERBS.—Containing numerous notes and directions on the different conjugations not to be found in any other book published for the use of the English scholar—a new edition, for sale by WM. H. PEEK.

PROFESSOR A. C. BARRY'S TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing eruptions on the Skin, Diseases of the Glands, muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close — All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely, through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate skin to healthful action with the Tricopherous, the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same.— It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—price 25 cents—at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Balch & Son, Providence, R. I. apr30 6m

TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor-saving article yet discovered. By its use, washing machines and boards are entirely dispensed with, and not one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an *immense saving* is thus made. It is emphatically the female's friend.

☞ *Warranted to give perfect satisfaction, or the money will be refunded.*

A RARE CHANCE TO MAKE MONEY.

FOR SALE, cheap, an exhibition of a novel and attractive character, which can be travelled with and exhibited for a trifling cost, it is with one exception the only one in the country, and is offered for sale, as the proprietor has other business which prevents his travelling with it. It embraces more than 100 different views of various subjects, each view covering about 100 Square feet, the whole forming a collection of nearly 160 splendid paintings which exhibit a greater variety of interesting subjects, and more extensive scenery than any exhibition in the country. To a young man with a little capital, desirous to make money, and one capable of attending to it, it offers an inducement which is rarely met with. The cost of exhibiting it for one night is less than 25 cents. The price is $175

Any one wishing to purchase may apply to Mr PHILIP RIDER, Thames Street.

MORE LIGHT.

As the evenings are getting longer, it is of great importance to economise in our lights, and to see that your Lamps are in good burning order. And as this branch of our business I have paid particular attention to for a long time, and have my arrangements always made, to give the public a fresh and good article at the lowest prices, we invite all that have not tried our Pine Oil and Burning Fluid to call at once, for it stands in the same proportion to quality as our safety Camphene does in comparison with the trash furnished from New York at a less price, and as I am the only manufacturer of Camphene in Rhode Island I dont hesitate in saying I can give the public a better and fresher article than can be purchased elsewhere.

SCROFULA

If thousands of cures of Scrofula, Cancers, Syphilis, and other impure diseases of the Blood—and if the VERY SMALL QUANTITY *which was used of a Medicine to effect cures of such diseases, be any proof of the purifying medical power in the [illegible] which has [illegible] and conquered such diseases then there is unquestionable evidence that—*

BRANT'S INDIAN
PURIFYING EXTRACT

is such a Medicine, *in every respect;* and there is abundant proof *in great cures effected,* that ONE BOTTLE of it contains more purifying, healing virtue, and *medical power,* than there is contained in FOUR BOTTLES of any Sarsaparilla or any other medicine that has ever been offered for sale. There is undoubted proof in our pamphlets, that by the use of this great *Indian Purifier,* they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK, SCROFULOUS, and otherwise diseased, have been HEALED and CURED

Hundreds—Thousands—

who have used *BRANT'S PURIFIER,* after having used and tested *all the Sarsaparillas* and other medicines recommended to cure blood diseases, have decided that—

Brant's is the Cheapest;

because *one bottle* of it has *more medical, curative matter* in it, and, in consequence, cures *more disease, in much less time,* than *one bottle* of any other medicine.

If, then, one bottle of *BRANT'S PURIFIER* will cure *FOUR TIMES* more disease than *one bottle of Sarsaparilla*—"BRANT'S PURIFIER" would be as *cheap at four dollars* a bottle, as *sarsaparilla at one dollar.* But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle; and as a bottle of it has cured, and is *capable of curing, FOUR TIMES* as much disease as *one bottle of Sarsaparilla,* therefore, Sarsaparilla, in consequence of its *less power* and *less medical efficacy,* should be sold at no more than twenty-five cents per bottle, to be as *cheap* as the PURIFIER at one dollar.

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will *one dollar's worth of BRANT'S PURIFIER* cure? Read the following statement, which is a specimen of its powers:—

CANCEROUS SCROFULA!

This is the case of a *dying man* who *yet lives.* He was cured of a worse case of SCROFULA, by only *twelve* bottles of Brant's Purifier, than ever was cured by the use of *twelve* GALLONS of the best *Sarsaparilla* that was ever made. Sarsaparilla has not *sufficient medical power* to effect the cure of such a *revoltingly hopeless case.*

Mr. J. B. HASKIN, *of Rome, Oneida Co., N. Y.,* had *Scrofula five years*—was confined to his bed the *last year*—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the *best medical advice*—had used ALL *of the best Sarsaparillas* to no good effect—grew worse and worse, and was considered to be in a *dying state,* and could not live *twenty-four hours longer,* when he commenced using BRANT'S PURIFIER. His neck was eaten *nearly off, from ear to ear;* a *hole* was *eaten through* his *windpipe,* under his chin, so that he breathed through the hole; his arm was so eaten around that it could be *lifted up out of its place,* it only holding by a *small piece;* the use of one arm was destroyed by two ulcers; an ulcer under the arm, as large as a man's hand, had nearly *eaten through* his *ribs into his body.* Thus he was afflicted with *twenty such putrid, acrid, offensive ulcers,* on various parts of his person. For further and full particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skilful physicians of Rome, was called to see Haskin the *day before* he commenced using Brant's Purifier. Dr. W. examined him, and then told him that *all the medicine in the world would not cure him*—that his case was

Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure! He said: "My wife procured one bottle of *BRANT'S PURIFYING EXTRACT,* of *Powell & Leonard,* druggists of Rome. I commenced using that, and began *to get better.* That bottle enabled me to *get off my bed,* where I had been confined *one year;* the *second bottle* enabled me to *get out of the house;* the *third bottle* enabled me to *walk two miles,* to Rome Centre, where I procured six bottles more; and when I had finished using them, *seventeen* out of *twenty* ulcers had *healed*—and *three bottles* more effected a PERFECT CURE of all the ulcers, and restored me to *good health!*"

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are witnessed and certified to by Dr. T. WILLIAMS—Mr. J. R. BROWN, proprietor of the *West-Rome Hotel*—Messrs. [illegible] & LEONARD, wholesale and retail druggists—and ELEVEN other *respectable witnesses.*

CANCERS CURED.

[illegible] KINNEY, physician, *Clinton, [illegible]* [illegible] BRANT'S PURIFYING EXTRACT. [illegible] [illegible] Seven years' experience [illegible] [illegible] will cure.

FEVER-SORE CURED.

The Rev. RICHARD DUNNING, Pastor of the [illegible] Church, Adams Basin, Monroe county, New York [illegible] "I have just received a letter from Mr. C[illegible] [illegible] relative to the cure of his Fever-sore. You [illegible] he is a Christian [illegible] in the church. Some years since he has [illegible] to save his life, in consequence [illegible] The other leg being now affected, [illegible] I recommended BRANT'S MEDICINE. Read the result. He says: *"I have used only [illegible] bottles of* BRANT'S MEDICINE. *I placed* ALL HOPE [illegible] *with the blessing of God, it has effected a cure of* [illegible]" See Pamphlets for full particulars.

LIVER-COMPLAINT!

Dr. NATHAN HUBBARD, *of Stamford, Conn.,* one of the oldest and most respectable physicians, was afflicted with *Liver-Complaint* many years, and was *perfectly cured* by BRANT'S PURIFYING EXTRACT. We could name hundreds of other cures, also cured.

FEMALE WEAKNESSES & COMPLAINTS.

No remedy offered to the public has ever been *half so certain and effectual in restoring* all the incidental weaknesses and irregularities of the SEX, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement be *suppression, excess,* or other *weakness*—it REGULATES ALL, *by strengthening the* SYSTEM, *equalizing the* CIRCULATION, and soothing and allaying NERVOUS IRRITABILITY. See pamphlets.

CHANGE OF LIFE,

from the girl to the woman, and the woman *of whole age,* [illegible] *accelerated,* and the other so *gradually* [illegible] as to prevent any of the *fatal diseases* that frequently arise in consequence of such change.

Dyspepsia—Sour Stomach!

"ATTICA, *Genesee Co., February 1, 1848.*

"M. T. WALLACE & CO.—*Gentlemen:* I was, for more than a year, afflicted with a disease of the stomach. I could not eat any *fat or greasy substance* without causing *great pain,* sickness, and vomiting, and was continually afflicted with a *sour stomach.* I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, *eased and relieved the usual pain after eating.* I then have used a second bottle, which has completely cured the disease. I can now eat hearty, and can eat almost anything without being pained, or the stomach becoming sour. Yours respectfully, T. S. WILCOX."

Mr. Wilcox is a *respectable merchant* of Attica.

NURSING SORE MOUTH, LEUCORRHŒA, &c.

"BYRON, GENESEE CO., N. Y., *Oct. 19, 1847.*

"Messrs. M. T. WALLACE & CO.: Some time last winter my wife became so debilitated from the effects of *Leucorrhœa* and *Nursing Sore Mouth,* that she could not lift her child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until *our skill* was exhausted in useless efforts. She became so very a skeleton, that at the time she commenced taking *Brant's Medicine* she weighed *no more than eighty-five pounds;* but by the time she had taken *four bottles,* she became perfectly well. The [illegible] so perfect, that she is now enabled to do all necessary house-hold work, and gained thirty pounds of flesh in four weeks. Yours truly, C. B. GALENTINE."

The reader will observe that Mr. GALENTINE says "[illegible]" He, we are informed by *Z. S. Terry,* Esq., of the same place, has studied medicine.

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT is a *perfect and fearless destroyer of all the effects of* MERCURY, *or any of the various preparations of* CALOMEL *or* MERCURY, *from the system;* and it restores the blood, *muscles,* and *all the parts* affected, to their original, HEALTHY STATE.

GENERAL DEBILITY OF THE SYSTEM!

Mr. A. HOLTSTANDER, merchant, *Oberlin, Lorrain Co., Ohio,* wrote, December 19, 1848, and after having stated how like a charm the PULMONARY BALSAM had effected the cure of his wife's consumptive cough, said: "I have personally used *BRANT'S PURIFYING EXTRACT,* for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE and REGULATE THE SYSTEM that I have ever used. *In every instance where we have sold* BRANT'S MEDICINES, *they have proved their efficacy, and given the* BEST SATISFACTION."

SALT RHEUM,

and all *impure, chronic diseases of the* BLOOD, are always cured by BRANT'S EXTRACT.

THE REMARKABLE SANATIVE POWERS OF
DR. S. P. TOWNSEND'S

Have induced numerous attempts to counterfeit it, and make fraudulent use of Dr. TOWNSEND'S NAME to secure the sale of SPURIOUS ARTICLES.

These counterfeits and imitations only PROVE the VALUE of the ORIGINAL; and no HIGHER COMPLIMENT could be paid to Dr. S. P. BRANT'S INDIAN
PULMONARY BALSAM

cures very many of the most *strongly marked and developed cases* of PULMONARY CONSUMPTION—*real, undoubted cases* of *ulcerated and diseased* LUNGS—such HOPELESS cases as were never before cured by any other medicine. *So utterly hopeless* were some of the afflicted persons, as to have been pronounced by *physicians* and *friends* to be ACTUALLY DYING. Some, who had their burial-clothes made, have been cured, and yet live; others, who it was said would not live another day, are now as *well* and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses *several medicines which are peculiarly adapted to, and are essentially necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS *in the LUNGS,* and elsewhere *internally, as certainly and easily as the* PURIFYING EXTRACT *cures* and *heals ulcers externally.* This Balsam cures *NINE cases* of *Cough* and *Consumption* out of TEN, after all other remedies have *failed to do good.*

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases, and its undoubted curative power, and soothing, healing properties, in the following complaints and diseases, viz.: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery* and *Summer Complaints* in *Children* and *Adults,* and ALL FEMALE WEAKNESSES.

CONSUMPTION.
A DYING WOMAN CURED!

We state this case, to prove the POWER TO SAVE LIFE when this BALSAM is used, *even after* the person is *considered by physicians and friends* to be in the *last stages of disease*—actually DYING—and, in this case, SO FAR GONE, *that the SHROUD and BURIAL-CLOTHES were bought!* For the *particulars* of this case, and the *respectable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, many other, almost *equally hopeless,* and innumerable cases of *Coughs* and *Consumptions* CURED, which were *pronounced incurable* by SKILFUL PHYSICIANS.

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan,* about the 1st of January, 1849, wrote as follows: "I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Chronic Disease of the Lungs,* as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, *for the benefit of the afflicted* to whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved,* and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now consider and *pronounce myself* A WELL MAN."

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. R. LIPPINCOTT & SON, respectable merchants at *Hillsgrove, Sullivan county, Pennsylvania,* wrote to us, May 18, 1849, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to FITS *for several years,* was cured by the use of BRANT'S *BALSAM.*

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Ashtabula county, Ohio,* wrote to us, October 2, 1848, and stated a cure of CONSUMPTION which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the fatal hand of that unrelenting monster, *Consumption,* had taken fast hold on his vitals, and was so destroying and debilitating his body, that he was a mere skeleton. He was *given up* by his physicians and all friends, as one who would soon *be laid in a grave.* But even in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and *restored* Mr. Crocket to health, and he is now a *healthy, hearty, rugged man!*

S. D. DANN, Esq., *merchant and postmaster at Jefferson,* an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and testified to his cure, *and all the above-stated facts.*

Could not Live a Day longer!

Messrs. E. R. CALDWELL & CO., *of East Oswego, Oswego Co., N. Y.,* respectable druggists, wrote to us: "We have just heard, through Mr. Williamson, a respectable citizen of this place, of an important cure of *Consumption,* which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to *live more than ONE DAY LONGER.* But, when all other hope utterly failed, she commenced taking BRANT'S PULMONARY BALSAM, and its medical efficacy has raised her from a DYING BED, so that she is now *going about and attending to her domestic household affairs and duties.* She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her friends and neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.,* said *BRANT'S BALSAM* had effected cures of such hopeless cases of CONSUMPTION in their town, that now no other cough-medicine could be sold there; that it *had raised some as if from the* GRAVE—some that physicians and all the friends said MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it was useless *to take any more medicine.* He then, when *no hope was left,* began to take BRANT'S BALSAM—and is now *well*—and is now *as well as ever he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, *Clyde, Wayne county, N. Y.,* wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the statements of some of our most respectable people, and personal, visible knowledge, can be relied on, its medical virtues have cured *many consumptive persons,* several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH."

LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.,* wrote, August 26, 1848: "BRANT'S MEDICINE is doing wonders here. It has cured a *man* of *Consumption* that all the physicians had said *must die.* When he commenced taking Brant's Medicine, he could not raise his hand to his head; he *bled at the lungs,* and every symptom seemed to indicate that he must die; but, astonishing to all, he is now able to labor, and rides all over the county. He used only *five bottles.* It has also cured a *young lady* of *Consumption* in Orleans county, which her father says *no doctor could cure.*"

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.,* January 16, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and *give better satisfaction,* than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of *[illegible]* and severe sickness, which all the doctors had given up as INCURABLE. They said she must die with a *Consumption of the Lungs.* After all had pronounced the case HOPELESS, she commenced taking *BRANT'S BALSAM*—and now she is well."

CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, in *children* or *grown persons,* cured *without any failure whatever.* Also—

CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-destroying complaint, when *teething* in warm weather—*Cholera Infantum,* or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in such cure, be used in twice *as large portions* as the directions on each bottle prescribe, until the complaint is checked.

DOCTORS CALL IT WONDERFUL.

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.,* wrote to us, January 1st, 1849: I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most *wonderful cures* of CONSUMPTION produced by its use, in Monticello, Sullivan Co., New York, about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit those persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicines; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.,* January 16, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another supply, for they *sell more rapidly,* and give better *satisfaction,* than all the other medicines we have for sale.

DR. CHRISTIE'S
GALVANIC BELT, BRACELET
NECKLACE
AND
MAGNETIC FLUID

For the Removal and Permanent Cure of all
NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the
NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

Dr. CHRISTIE'S GALVANIC BELT
and
MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of
GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease,* for they weaken the vital energies of the already prostrated system; while under the strengthening, *life-giving, vitalizing* influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *outward application,* in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years *since,* more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS
Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1848

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain *permanent* relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About *fourteen* years since, in consequence *of frequent* exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which *[illegible]* year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physician sometimes afforded me great relief; but this relief was only temporary. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated,* and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining *relief* from these sore distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned;* the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured.* Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS

LIVER COMPLAINT,
JAUNDICE, DYSPEPSIA, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS,

And all diseases arising from a disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness, or Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fullness, or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and dull pain in the Head, Deficiency or Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great depression of Spirits can be effectually cured by

DR. HOOFLAND'S
CELEBRATED GERMAN BITTERS,

Prepared by
DR. C. M. JACKSON,
AT THE GERMAN MEDICINE STORE,
120 *Arch Street, Philadelphia.*

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters,* invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health

READ FURTHER A FEW FACTS

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"Patent Medicines."

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity; which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"Dr. Hoofland's German Bitters.—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug,* and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to *female* or *infant* with safety and reliable benefit, at any time.

BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

Look well to the marks of the genuine.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

LIGHT! LIGHT!

The Handsomest, Cheapest, and Best Article [illegible] for Light, is

MARSH'S PATENT OIL.

THIS is a new invention, recently introduced, and now very extensively used by the public.

Mr. Marsh is constantly receiving, (both at home and from abroad,) the very highest testimonials of the true merits and great superiority of this new Oil, over everything before used for lights. Among them we select the following:

MARSH'S PATENT OIL.—This is the name given to a newly invented Oil, for producing light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell while burning, and is not liable to the too common objection of almost all burning fluids, that of explosion. It gives a beautiful and steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.

We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and beside this it will be seen that the great wear and tear of clothing consequent upon the old method of hand rubbing upon a board, and the use of the pounding barrel, is wholly avoided, *immense saving* is thus made. It is emphatically the female's friend.

Warranted to give perfect satisfaction, or the money will be refunded.

A GOOD CHANCE FOR A BAKER

FOR SALE a lot of land containing 10 1-2 acres of good land situated in the town of Whinchenson, Worcester county, Mass., it is within 3 1-2 miles distance from four very thriving manufacturing villages; two lying at the north and the other two south. It is one of the very best opportunities for establishing a Bakery, there being no Bake-house within 10 miles, the above piece of land is in a corner lot containing about 12 acres, there is an application for one acre, and wishing to reserve half an acre for myself, would sell the remaining 10 1-2 acres at the low price of *four hundred dollars,* one half the amount in cash, the balance may stand for a number of years if desired; the lot is well walled on three sides, on the other side is a slip of young Wood, some trees of good size, probably about 3-4 of an acre in this part. There is a fine chance to building on the front, the land is very convenient to fence into pastures, and for mowing for horses and cows; one part is watered by a spring. There is also a large number of bearing Apple trees upon the lot. Fuel is very low, the best of soft and hard wood is sold there from $2 to $3 a cord.
